SUBJECT INDEX*

A

Abdominal cesarean section, series of 282 cases of, remarks concerning (Trân-Dihn-Dê), 217 (Abst.)
pregnancy (Barrett), 1061
Abortion, 216 (Absts.)
habitual, prophylactic value of progesterone pellet implantation in (Bishop and Richards), 216 (Abst.)
therapeutic, in pulmonary tuberculosis (Rodriguez and Oneto), 216 (Abst.)
Abstracts, abortion, 216
anesthesia, analgesia, 216, 456, 1182
cancer, malignancies, 217, 456, 942, 1183
cesarean section, 217
endocrinology, 1184
extrauterine pregnancy, 218, 457
gynecologic operations, 220
gynecology, 219, 458, 942, 1185
labor, management, complications, 221, 459, 944, 1186
menopause, 223
menstruation, dysmenorrhea, 223
miscellaneous, 224, 460
newborn, 225, 461, 1188
pregnancy, complications, 225, 462, 945
physiology, 463
puerperium, 464
radiation, 227
sterility, 228, 465
toxemia, 226, 1189
venereal diseases, 467
Adenocarcinoma, biochemical and histochemical alkaline glycerophosphatase in normal endometrium, endometrial hyperplasia, and (Jones et al.), 1364
of endometrium, preoperative radiation of, effect of (Schmitz et al.), 952
of uterus with metastases to umbilicus (Riemenschneider and Miller), 1385
Adenoma, pituitary, fifteen-year sterility due to, relieved by x-ray therapy (Kaplan), 1175
Adenosinetriphosphate, phosphate liberation by endometrium in presence of (Jones et al.), 1118
Adolescent obstetric patient, an analysis of (Hacker et al.), 644
Alkaline glycerophosphatase, biochemical and histochemical, in normal endometrium, endometrial hyperplasia, and adenocarcinoma (Jones et al.), 1364
Amenorrhea, functional, treatment of (Barfield and Greenblatt), 1111
low-dosage irradiation in, empiric usage of (Israel), 971
American Board of Obstetrics and Gynecology, 468, 1190 (Items)
Gynecological Society, transactions, 75th annual meeting, May 12-14, 1952, 713, 952
obstetrical and gynecological societies, roster of, 229, 947
Amniotic emboli: do they really cause sudden death in obstetrics (Tunis), 72
fluid embolism (Cron et al.), 1360
sudden maternal death associated with (Sluder and Lock), 118
pulmonary emboli of, fatal obstetric shock due to (Eames), 201
Amniotomy for elective induction of labor at or near term (Hanley), 221 (Abst.)
Analgesia, obstetric, methadone-scopolamine in (Davis et al.), 1182 (Abst.)
with Trilene (Gomez), 1182 (Abst.)
Androstendiol, activity of, upon uteri of castrated female rabbits (Confalonieri and Montorsi), 224 (Abst.)
Anesthesia, analgesia, 216, 456, 1182 (Abts.)
in the parturient, the balanced mixture for terminal (Shane and Long), 392
spinal, at obstetrical clinic of University of São Paulo (Brazil) Medical School (Neme et al.), 456 (Abst.)
sustained contractions of gravid uterus during (Ward et al.), 406
Trilene, in obstetrics, clinical study on trial of (Palliez et al.), 216 (Abst.)
Angioma of Fallopian tube (Gysmano), 459 (Abst.)
Announcements, 951
Antepartum Dicumarol therapy (Mansell), 155
Antibiotics and low cervical cesarean section in dystocia or intrapartum sepsis (Kobak et al.), 1186 (Abst.)
Apomorphine with scopolamine in labor (White), 91
Arteriectasia of uterine artery (Berlin and Horwitz), 347
Ascorbic acid and blood iron metabolism, relationship between (Albers), 460 (Abst.)
Asphyxial membrane in lungs of liveborn infants (Tregillus), 225 (Abst.)
Aureomycin in regression of carcinoma in situ of cervix (Ayre), 942 (Abst.)

B

Basal metabolic rate in pregnancy, usefulness of (Watrous and Blakely), 1310
Benign and malignant endometrium, spread of, in the lymphatic system, with coexisting vascular involvement (Javert), 780
pelvic conditions, hysterectomy for (Smith), 1211
Bilateral ectopic gestation (Evans and Goyanes), 444
Births in the United States, statistics of (Nichols), 376
Bleeding, benign uterine, radium therapy in control of, clinical evaluation of use of (Montgomery et al.), 1011
marginal placental, anatomical and pathological considerations (Harris), 53
uterine, in pelvic inflammatory disease (Smiley and Bozeman), 197
Blood and blood vessels in gynecology and obstetrics (Collins et al.), 488
and vascular alterations of normal pregnancy and pre-eclampsia-eclampsia, cause of (McGaughey), 1268
placental, collection of (Siegel), 1371
transfusion of preserved, in obstetrics and gynecology (Schwalm), 702 (B. rev.)
Body temperature, effect of progesterone on, further studies on (Döring and Schaefer), 224 (Abst.)
Books, review of new, 701, 1393
Borderline pelvis, management of (Brown), 460 (Abst.)
Breech deliveries in private practice (Arnot and Nelson), 591
ten-year analysis of (Knight and O'Connell), 1049
delivery, presentation of foot through intact anus during (Lesh), 688
presentation, frank, persistent sacroanterior position, associated with dystocia, a new syndrome in labor (Torpin), 565
in primiparous patient at term, fetal and neonatal results in (Pomerance and Daichman), 110

*July, pp. 1-232; August, pp. 233-472; September, pp. 473-712; October, pp. 713-950; November, pp. 951-1190; December, pp. 1191-1420.

Brenner tumors, diverse origins of (Green), 878
of ovaries, bilateral (Peck and Leary), 1179

C

Cancer, cervical, cause of death in patients treated for (Morton and Dignam), 999
malignancies, 217, 456, 942, 1183 (Absts.)
of breast and of uterine cervix, fertility and (Gilliam), 1183 (Abst.)
of cervix, a debate: What is cancer in situ of the cervix? Is it the preinvasive form of true carcinoma? (Hertig and Younge), 807
treated by surgery, a proposed classification of (Meigs and Brunschwig), 413
of uterine cervix, recurrent, earlier detection of, by vaginal smear (Graham and Meigs), 908
stages of growth of (Zuckermann), 456 (Abst.)
treatment, recording of results in, uniformity in (Brunschwig), 711 (Correspondence)
uterine, diagnosis (Walker and Curphey), 1346
heredity in (Murphy), 704 (B. rev.)
Carcinoma and endometrial hyperplasia of cervix (Bayly and Greene), 660
and tuberculosis of cervix (Nogales), 1183 (Abst.)
in situ of cervix, a general consideration (McKelvey), 816
methods of management of (Carter et al.), 833
regression of, using aureomycin (Ayre), 942 (Abst.)
uterine, total hysterectomy for, recurrence of tumor after (Graham and Meigs), 1159
in vaginal cuff, residual, after radical hysterectomy with bilateral pelvic lymph node dissection (Graham and Meigs), 402
of cervix, deep x-ray therapy in advanced cases of, improved technique for (Kepp), 227 (Abst.)
epidermoid, complicating pregnancy (Thornton et al.), 573
irradiation treatment of, twenty-five year evaluation of (Scheffey et al.), 233
treatment of, an expanding fixed tandem-ovoids colpostat for (Ter-Pogossian et al.), 937
of Fallopian tube, primary (Leahy and Carpenter), 1177; (Weekes et al.), 62
of ovary, subclinical (Boyd), 926
of uterine cervix, diagnosis of very early, during pregnancy (Hirst and Brown), 1296
corpus, study of 184 cases at Rhode Island Hospital, 1922-1945 (Waterman et al.), 1073
of vulva, case occurring at 24 years of age (Engelhart), 931
squamous-cell, developing from a marsupialized dermoid of ovary (Ackley and Stromberg), 448
uterine, cytologic approach to (Hecht), 81
Cerebral circulation and metabolism in normal and toxemic pregnant women, effects of morphine sulfate on (McCall and Taylor), 1131
Cervical cancer, cause of death in patients treated for (Morton and Dignam), 999
choriocarcinoma, primary (Rashbaum et al.), 451
stricture, dilating a, a safe instrument for (Rolf), 1181
Cervix, cancer of, a debate. What is cancer in situ of the cervix? Is it the preinvasive form of true carcinoma? (Hertig and Younge), 807
Cervix, cancer of—Cont'd
treated by surgery, a proposed classification of (Meigs and Brunschwig), 413
uterine, earlier detection of recurrent, by vaginal smear (Graham and Meigs), 908
carcinoma in situ of, a general consideration (McKelvey), 816
methods of management of (Carter et al.), 833
regression of, using aureomycin (Ayre), 942 (Abst.)
deep x-ray therapy in advanced cases of, improved technique for (Kepp), 227 (Abst.)
irradiation treatment of, twenty-five year evaluation of (Scheffey et al.), 233
treatment of, an expanding fixed tandem-ovoids colpostat for (Ter-Pogossian et al.), 937
endometrial hyperplasia and carcinoma of (Bayly and Greene), 660
epidermoid carcinoma of, complicating pregnancy (Thornton et al.), 573
epithelium, normal and malignant, growth characteristics of, in tissue culture (Moore), 13
fetal, epithelial changes in, including the role of the "reserve cell" (Rosenthal and Hellman), 260
in pregnancy, histopathology and cytology of (Nesbitt and Hellman), 464 (Abst.)
papilloma of (Marsh), 281
prolapse of, and inversion of vagina following supracervical hysterectomy, and inversion of vagina following total hysterectomy (Phaneuf), 739
spermicidal bacteria in, as cause of sterility (Buxton and Wong), 628
tuberculosis and carcinoma of (Nogales), 1183 (Abst.)
uteri, endometriosis of (Ranney and Chung), 1333
uterine, cancer of, stages of growth of (Zuckermann), 456 (Abst.)
diagnosis of very early carcinoma of, during pregnancy (Hirst and Brown), 1296
Cesarean section, 217 (Absts.)
abdominal, series of 282 cases of, remarks concerning (Trân-Dinh-Dê), 217 (Abst.)
choice of (O'Connor), 899
expansion versus restriction of (Colvin), 473
for vaginal neurofibromatosis (Marmey and Lacroix), 225 (Abst.)
low, antibiotics and, in dystocia or intrapartum sepsis (Kobak et al.), 1186 (Abst.)
rupture of uterine segment and bladder following (Parsons), 672
Childbirth, menstruation after (Sharman), 223 (Abst.)
Chorioangioma (Kendrick and Stofer), 933
Choriocarcinoma, primary cervical (Rashbaum et al.), 451
Chorionepithelioma occurring during pregnancy (MacRae), 945 (Abst.)
Chorionic gonadotropin and prolactin, effect of, on maintenance of corpus luteum function (Fried and Rakoff), 1184 (Abst.)
Circulatory system, effect of histamine on, during pregnant and nonpregnant states (Braitenberg), 464 (Abst.)
Circumcision, infant, new instrument for (Kantor), 696
Coitus, effect of, on late pregnancy, delivery, and the puerperium (Pugh), 333
Colpostat, an expanding fixed tandem-ovoids, for treatment of carcinoma of cervix (Ter-Pogossian et al.), 937
Congenital hydrometrocolpos: review of literature and report of case with uterus duplex and incompletely septate vagina (Lide and Coker), 1275

Contractions of gravid uterus, sustained, during spinal anesthesia (Ward et al.), 406
Corpus luteum cyst, ruptured, a postoperative complication of vaginal hysterectomy (Pugh and Glenn), 1170
function, maintenance of, effect of chorionic gonadotropin and prolactin on (Fried and Rakoff), 1184 (Abst.)
Correspondence, 709, 1400
Cortisone and pregnancy, experimental and clinical study (DeCosta and Abelman), 746
effect of, on fetus (Guilbeau), 712 (Correspondence)
Culdoscopic examination, technical improvements in (Frenkel et al.), 1303
Culdoscopy, new technic in gynecologic and obstetric diagnosis (Decker), 1395 (B. rev.)
Cystadenocarcinoma, pseudomucinous, of ovary (Strauss and Strauss), 1382
Cytologic approach to uterine carcinoma (Hecht), 81
Cytology, vaginal, gestation and (Pundel and Van Meensel), 705 (B. rev.)

D

Dannreuther technique of repair of large rectocele, report on (Hepp and Boyd), 921
Deliveries, breech, in private practice (Arnot and Nelson), 591
ten-year analysis of (Knight and O'Connell), 1049
forceps, classification of, according to uniform radiological and clinical criteria (Weinberg), 371
Delivery of the oversized infant, problems of (Hunt), 559
dangers of partial placental retention after, and methods of treatment (Lorenz), 464 (Abst.)
Depressive reactions during gestation and puerperium (Wayne), 1282
Dermoid cyst of ovary in childhood (Hause and Murfin), 668
Diabetes and pregnancy (Reis et al.), 1393 (B. rev.)
Diameter, midplane biischial (Hanson), 1374
Dicumarol antepartum therapy (Mansell), 155
Dihydroergotamine in obstetrics (Monckeberg), 1186 (Abst.)
Dihydroergotamine-45, oxytocic and toxic actions of (Altman et al.), 101
Douching, vaginal, dangers of improper (Hirst), 179
Dysmenorrhea, menstruation, 223 (Absts.)
Dystocia or intrapartum sepsis, antibiotics and low cervical cesarean section in (Kobak et al.), 1186 (Abst.)

E

Eclampsia and puerperal toxemias, medical treatment of (Maurizio), 945 (Abst.)
postpartum, occurring on fifteenth postpartum day (Tatum), 1388
pre-eclampsia and (Aguer), 226 (Abst.)
Ectocervix during gestation (Nolan and Pollak), 463 (Abst.)
Ectopic gestation, bilateral (Evans and Goyanes), 444
pregnancy (Zukermann), 457 (Abst.)
clinical study of 136 consecutive cases (Priddle et al.), 1093
diagnostic variants in the syndrome of Carrabba and Silberblatt), 1154
ruptured, study of 245 cases of (Johnson), 1102
Elective induction of labor (Erving and Kenwick), 1125
Endocrinology, 1184 (Absts.)
functional—from birth through adolescence (Talbot et al.), 1396 (B. rev.)
Endometrial hyperplasia and carcinoma of cervix (Bayly and Greene), 660
biochemical and histochemical alkaline glycerophosphatase in normal endometrium, adenocarcinoma, and (Jones et al.), 1364
shedding, prolonged or irregular, current concepts of (McLennan), 988
Endometriosis of cervix uteri (Ranney and Chung), 1333
pain associated with, superior hypogastric sympathectomy for relief of (Dailey and Tafel), 650
Endometritis hyperplastica ovarialis, roentgenographic diagnosis of (diPalma and Beranbaum), 162
Endometrium, adenocarcinoma of, preoperative radiation of, effect of (Schmitz et al.), 952
benign and malignant, spread of, in the lymphatic system, with coexisting vascular involvement (Javert), 780
biochemical and histochemical alkaline glycerophosphatase in normal, endometrial hyperplasia, and adenocarcinoma (Jones et al.), 1364
human, histological, histometric and histophotometric observations of (Vokaer), 220 (Abst.)
phosphate liberation by, in presence of adenosinetriphosphate (Jones et al.), 1118
tuberculosis of (Haines), 219 (Abst.)
clinical study (Schockaert), 459 (Abst.)
Endoscopy in gynecology (MacFadyen et al.), 319
Enterocele, repair of, with preservation of vagina (Hiller), 409
Epidermoid carcinoma of cervix complicating pregnancy (Thornton et al.), 573
Episiotomies, hyaluronidase in (Weber et al.), 194
Ergometrine, intramuscular, at end of second stage of normal labor (Daley), 944 (Abst.)
Erythroblastosis fetalis, progesterone and vitamin K for prevention of (Glisson et al.), 498
Estrogen and progesterone therapy, oral, of menstrual arrythmias (Bickers), 148
Estrogenic therapy, a recent advance in, II. (Reich et al.), 174
External oblique aponeurosis, transplantation of, an operation for prolapse of vagina after hysterectomy (Williams and Richardson), 552
Extrauterine and intrauterine pregnancy, combined (Sickenberger), 675
progressing to term (Zarou and Sy), 1358
pregnancies, series of 301 (Cartoux and Trân-Dinh-Dê), 218 (Abst.)
pregnancy, 218, 457 (Absts.)

F

Fallopian tube, angioma of (Gysmano), 459 (Abst.)
interstitial occlusion of, surgical treatment of (Hartnett and Harnett), 637
primary carcinoma of (Leahy and Carpenter), 1177; (Weekes et al.), 62
torsion of, complicating pregnancy (Kushner and Rosenbaum), 935
tubes, re-implantation of, four cases of (White), 221 (Abst.)
Fertility and cancer of breast and of uterine cervix (Gilliam), 1183 (Abst.)
Fetal and neonatal results in breech presentation of primiparous patient at term (Pomerance and Daichman), 110
cervix, epithelial changes in, including the role of the "reverse cell" (Rosenthal and Hellman), 260
deformities, frequency of, when compared to mother's age at time of pregnancy (Hegnauer), 225 (Abst.)

Fetal—Cont'd
maturity, radiologic signs of (Lenoir), 1188 (Abst.)
Fetus, effect of cortisone on (Guilbeau) 712 (Correspondence)
Fistula, vesicovaginal, operation for postoperative (Strean), 1322
Flicker fusion thresholds in pregnancy (Marty and Hardy), 1149
Fluid balance, a clinical manual (Moyer), 705 (B. rev.)
Forceps operations, classification of, according to uniform radiological and clinical criteria (Weinberg), 371
Frank-Berman pregnancy test, notes on the 8 and 24 hour (Berman), 440
Functional amenorrhea, treatment of (Barfield and Greerblatt), 1111

G

Genital tuberculosis, delivery following apparently healed (Herring), 710 (Correspondence)
female (Sutherland and Garrey), 458 (Abst.)
Gestation and puerperium, depressive reactions during (Wayne), 1282
and vaginal cytology (Pundel and Van Meensel), 705 (B. rev.)
bilateral ectopic (Evans and Goyanes), 444
ectocervix during (Nolan and Pollak), 463 (Abst.)
Gynecologic and obstetric diagnosis, culdoscopy, new technic in (Decker), 1395 (B. rev.)
deaths, survey of 205 from 1938 to 1950 (Felmus and Pedowitz), 1251
operations, 220 (Absts.)
pathology, atlas of (Postoloff and Nichols), 703 (B. rev.)
Gynecological lesions and ureterohydronephrosis (Klempner), 1232
Gynecology, 219, 458, 942, 1185 (Abst.); 703 (B. revs.)
and obstetrics, blood and blood vessels in (Collins et al.), 488
clinical teaching of, problems and difficulties in, as of today (Wilson), 326
education and training in (Dannreuther), 713
transfusion of preserved blood in (Schwalm), 702 (B. rev.)
endoscopy in (MacFadyen et al.), 319
present day, some aspects of (Bourg), 1399 (B. rev.)
surgical (Greenhill), 1395 (B. rev.)
textbook of (Laffont), 1398 (B. rev.) (Novak), 1397 (B. rev.)

H

Heart disease in pregnancy, a complicating factor (Massey), 607
management of (McCue and Schelin), 535
Hemorrhage, postpartum, management of, by prolonged administration of oxytocics (Daro et al.), 1163
surgical management of, with particular reference to ligation of uterine arteries (Waters), 1143
uterine, histology of the endometrium in organic (Sutherland), 943 (Abst.)
Hepatic function tests in toxemias of pregnancy (Mukherjee), 226 (Abst.)
Hepatorenal syndrome complicating pregnancy (Baker), 309
Heredity in uterine cancer (Murphy), 704 (B. rev.)
Hippocrates on intercourse and pregnancy (Ellinger), 706 (B. rev.)
Histamine, effect of, on circulatory system during pregnancy and nonpregnant states (Braitenberg), 464 (Abst.)
Hormones, sex, role of, in development of bony pelvic conformation, observations on (Morton and Gordan), 292
Hyaluronidase in episiotomies (Weber et al.), 194
Hydrazinophthalazine and thiophanium compounds, place of, in management of hypertensive complication of pregnancy (Assali and Suyemoto), 1021
Hydrometrocolpos, congenital: review of literature and report of case with uterus duplex and incompletely septate vagina (Lide and Coker), 1275
Hydronephrosis complicating pregnancy (Hecht), 684
Hyperheparinemia in human sterility, possible role of (Olwin et al.), 915
Hypermenorrhea, oral toluidine blue in treatment of (Lathrop and Carlisle), 1376
Hypersplenism, pregnancy complicated by (Fettig et al.), 664
Hypertension, menopausal, pathogenesis and therapy in, reinterpretation of (Chiara), 223 (Abst.)
Hypertensive complications of pregnancy, place of hydrazinophthalazine and thiophanium compounds in management of (Assali and Suyemoto), 1021
disease of pregnancy, specific, affecting infant mortality (Wellen), 271
toxemia of pregnancy, nitrogen metabolism in (Mukherjee and Govan), 1189 (Abst.)
Hyperthyroidism in pregnancy (Dailey and Benson), 226 (Abst.)
Hysterectomy for benign pelvic conditions (Smith), 1211
prolapse of vagina after, transplantation of external oblique aponeurosis, an operation for (Williams and Richardson), 552
radical, with bilateral pelvic lymph node dissection, residual carcinoma in vaginal cuff after (Graham and Meigs), 402
total, for carcinoma in situ, recurrence of tumor after (Graham and Meigs), 1159
vaginal, ruptured corpus luteum cyst, a postoperative complication of (Pugh and Glenn), 1170
Hysterosalpingography and tubal insufflation, technique and interpretation of, errors in (White), 1185 (Abst.)
in female sterility (Freeth), 465 (Abst.)
with a water-soluble medium in investigation of infertility (Pollock and Preiskel), 228 (Abst.)

I

Incision to facilitate radical pelvic surgery in women (Hiller), 1328
India Obstetric and Gynaecological Congress, seventh, 712 (Item)
Infant circumcision, new instrument for (Kantor), 696
delivery of oversized, problems of (Hunt), 559
mortality, premature (West et al.), 1222
specific hypertensive disease of pregnancy affecting (Wellen), 271
Infants, study of 153, placed in positive pressure oxygen-air lock (Zelenik and Prystowsky), 1316
suffocation of, so-called accidental mechanical (Swinscow), 1188 (Abst.)
Infarcts of placenta, formation, regression, and differential diagnosis of true (Zeek and Assali), 1191
Infertility, hysterosalpingography with a water-soluble medium in investigation of (Pollock and Preiskel), 228 (Abst.)

Instrument for dilating cervical stricture, a safe (Rolf), 1181
Intercourse and pregnancy, Hippocrates on (Ellinger), 706 (B. rev.)
Intermittent hydrarthrosis (Hiller), 209
Interstitial occlusion of Fallopian tube, surgical treatment of (Hartnett and Hartnett), 637
Intestinal obstruction, postpartum (Woodruff and Epperson), 1167
Intractable pruritus vulvae, surgical approach to (Mering), 619
Intrauterine and extrauterine pregnancy, combined, progressing to term (Zarou and Sy), 1338
Intravascular clotting complications of pregnancy (Weber et al.), 1037
defibrination, therapy of, rapid estimation of plasma fibrinogen concentration and its use as a guide to (Schneider), 141
Irradiation in amenorrhea, empiric usage of low-dosage (Israel), 971
therapy, principles of (Kepp), 707 (B. rev.)
treatment of carcinoma of cervix, twenty-five year evaluation of (Scheffey et al.), 233
Items, 468, 712, 946, 1190

K

Kielland forceps, modification of, to facilitate direct application of the anterior blade (Dexeus Trias de Bes), 222 (Abst.)
Knotholder (Tauber), 200

L

Labor, apomorphine with scopolamine in (White), 91
elective induction of (Erving and Kenwick), 1125
in elderly primiparas (Latiers), 223 (Abst.)
induction of, at or near term, amniotomy for the elective (Hanley), 221 (Abst.)
premature, by means of Pitocin in toxemia of pregnancy (Mauzy and Donnelly), 517
influence of vitamin C on (Tash), 944 (Abst.)
management, complications, 221, 459, 944, 1186 (Absts.)
new syndrome in: frank breech presentation, persistent sacroanterior position, associated with dystocia (Torpin), 565
onset of, after fetal death in last trimester of pregnancy, etiology of (Seitz), 221 (Abst.)
rapid primiparous, thiamine used in conjunction with antispasmodics in (Poulain), 459 (Abst.)
second stage of normal, use of intramuscular Ergometrine at end of (Daley), 944 (Abst.)
third stage of, management of, with combination of Pitocin and Methergine (Murphy), 419
Lactation, early, riboflavin excretion during pregnancy and (Brzezinski et al.), 463 (Abst.)
success, test for (Newton), 397
Leiomyomas, multiple peritoneal, associated with a granulosa-cell tumor of ovary (Willson and Peale), 204
Leptotrichia (Leptothrix) vaginalis (Feo and Dellette), 382
Leukoplakia of the vulva. Part II. (Miller et al.), 768
Ligation of uterine arteries, surgical management of postpartum hemorrhage with particular reference to (Waters), 1143
Lobectomy for pulmonary tuberculosis during pregnancy (Schaefer and Epstein), 188
Lower nephron nephrosis in pregnancy (Simpson et al.), 508

M

Malformations, rare congenital, in two newborn infants (Blackman), 461 (Abst.)
Malignancies, cancer, 217, 456, 942 (Absts.)
Malignancy in theca-cell tumors, incidence of (Rogers et al.), 1289
Manikin, transparent, for teaching obstetrics (Wakerlin and Whitacre), 1378
Marriage, sex guide to happy (Griffith), 707 (B. rev.)
Mastectomy, simple or radical (Deaton and Bradshaw), 457 (Abst.)
Maternal death, sudden, associated with amniotic fluid embolism (Sluder and Lock), 118
Membranes, rupture of, premature spontaneous (Calkins), 871
Menadione bisulfite and ascorbic acid in treatment of nausea and vomiting of pregnancy (Merkel), 416
Menopausal hypertension, pathogenesis and therapy in, reinterpretation of Chiara), 223 (Abst.)
Menopause, 223 (Absts.); (Levine), 703 (B. rev.)
Menstrual arrhythmias, oral estrogen and progesterone therapy (Bickers), 148
disorders, radiation therapy in sterility and (Bonar and Garber), 1350
Menstruation after childbirth (Sharman), 223 (Abst.)
delayed, effect of Stigminene Bromide in (Decker), 1337
dysmenorrhea, 223 (Absts.)
Meperidine, transmission of, across the human placenta (Apgar et al.), 1368
Meralgia paresthetica related to pregnancy (Peterson), 690
Methadone-scopolamine in obstetric analgesia (Davis et al.), 1182 (Abst.)
Methemoglobinemia, epidemic of aniline, in newborn babies (Howarth), 461 (Abst.)
Methergine and Pitocin, combination of, management of third stage of labor with (Murphy), 419
Methyl androstenediol, therapeutic effects of (Lehfeldt), 1355
Midplane biischial diameter (Hanson), 1374
Midwifery, William Smellie, the master of British (Johnstone), 1394 (B. rev.)
Monstrosity, an unusual (Pannullo), 1391
Morphine sulfate, effects of, on cerebral circulation and metabolism in normal and toxemic pregnant women (McCall and Taylor), 1131
Mortality, infant, premature (West et al.), 1222

N

Nausea and vomiting of pregnancy, menadione bisulfite and ascorbic acid in treatment of (Merkel), 416
Newborn, 225, 461, 1188 (Absts.)
aniline methemoglobinemia in, epidemic of (Howarth), 461 (Abst.)
hemolytic disease of, evaluation of anti-human globulin serum in (Zelenik et al.), 365
management of (Parmelee), 702 (B. rev.)
primary streptomycin-resistant tuberculosis in (Tinne and Henderson), 461 (Abst.)
purulent parotitis in (Campbell), 1188 (Abst.)

Newborn—Cont'd
rare congenital formations in (Blackman), 461 (Abst.)
receiving crib for (Cappe and Pallin), 699
scaphocephaly of (O'Connor), 678
Nitrogen metabolism in hypertensive toxemia of pregnancy (Mukherjee and Govan), 1189 (Abst.)
Nitroglycerin flicker fusion threshold test in toxemia of pregnancy (Brill et al.), 1201

O

Obstetric analgesia, methadone-scopolamine in (Davis et al.), 1182 (Abst.)
with Trilene (Gomez), 1182 (Abst.)
patient, adolescent, an analysis of (Hacker et al.), 644
shock, fatal, due to pulmonary emboli of amniotic fluid (Eames), 201
Obstetrical vs. pediatric responsibility in prematurity (Schoeneck), 126
Obstetrics, 701-1393 (B. revs.)
amniotic emboli, do they really cause sudden death in (Tunis), 72
and gynecology, blood and blood vessels in (Collins et al.), 488
clinical teaching of, problems and difficulties in, as of today (Wilson), 326
education and training in (Dannreuther), 713
transfusion of preserved blood in (Schwalm), 702 (B. rev.)
dihydroergotamine in (Monckeberg), 1186 (Abst.)
surgical (Llusia), 701 (B. rev.)
teaching, transparent manikin for (Wakerlin and Whitacre), 1378
Trilene anesthesia in, clinical study on trial of (Palliez et al.), 216 (Abst.)
Occult rupture of uterus (Ingram et al.), 527
Osteogenic sarcoma of ovary (Stowe and Watt), 422
Ovarian pregnancy (Baden and Heins), 353
primary (Hofmann), 1173
tumors, malignant, x-ray therapy in treatment of, the place of (Todd), 217 (Abst.)
Ovaries, Brenner tumors of, bilateral (Peck and Leary), 1179
Ovary, a unilateral, with polycystic disease (Siegler), 431
carcinoma of, subclinical (Boyd), 926
dermoid cyst of, in childhood (Hause and Murfin), 668
granulosa-cell tumor of, multiple peritoneal leiomyomas associated with (Willson and Peale), 204
marsupialized dermoid of, squamous-cell carcinoma developing from (Ackley and Stromberg), 448
osteogenic sarcoma of (Stowe and Watt), 422
pseudomucinous cystadenocarcinoma of ovary (Strauss and Strauss), 1382
Oxygen-air lock, positive pressure, study of 153 infants placed in (Zelenik and Prystowsky), 1316
Oxytocics, management of postpartum hemorrhage by prolonged administration of (Daro et al.), 1163

P

Pain associated with endometriosis, superior hypogastric sympathectomy for relief of (Dailey and Tafel), 650
Papilloma of cervix (Marsh), 281
Papillomatosis of vagina, diffuse (Borras), 220 (Abst.)
Parturient, anesthesia in, balanced mixture for terminal (Shane and Long), 392
Parturition, brief, painless (Baptisti), 923
Pathology, gynecologic, atlas of (Postoloff and Nicholas), 703 (B. rev.)
Pelvic conditions, benign, hysterectomy for (Smith), 1211
congestion, psychosomatic study of (Duncan and Taylor), 1
inflammatory disease, uterine bleeding in (Smiley and Bozeman), 197
organs, normal female, x-ray appearance of (Gershon-Cohen and Hermel), 184
pneumoperitoneum (Gershon-Cohen and Hermel), 184
surgery, radical, incision to facilitate, in women (Hiller), 1328
tuberculosis (Bobrow and Batts), 1242
Pelvis, borderline, management of (Brown), 460 (Abst.)
the human (Francis), 1393 (B. rev.)
role of sex hormones in development of bony conformation of, observations on (Morton and Gordan), 292
Peptic ulcer, perforated, in the puerperium (McGarvey et al.), 655
Peritoneal leiomyomas, multiple, associated with a granulosa-cell tumor of ovary (Willson and Peale), 204
Phosphate liberation by endometrium in presence of adenosinetriphosphate (Jones et al.), 1118
Pitocin and methylergonovine (Methergine), a combination of, in management of third stage of labor (Murphy), 419
in induction of premature labor, in toxemia of pregnancy (Mauzy and Donnelly), 517
Pituitary adenoma, fifteen-year sterility due to, relieved by x-ray therapy (Kaplan), 1175
hyperhormonotrophic syndrome, an anterior (Zondek et al.), 1186 (Abst.)
Pituitrin, cardiac arrest due to use of, following normal delivery (Marmer et al.), 686
intravenous, evaluation of (Lubin et al.), 248
Placenta accreta, spontaneous rupture of uterus resulting from (Schuyler), 427
manual removal of (Halsey), 38
previa (Da Costa Barros), 462 (Abst.)
and placenta accreta, simultaneously occurring (Kistner et al.), 226 (Abst.)
of the succenturiate lobe (Hess), 213
transmission of Meperidine across the human (Apgar et al.), 1368
true infarcts of, formation, regression and differential diagnosis of (Zeek and Assali), 1191
Placental bleeding, marginal, anatomical and pathological considerations (Harris), 53
blood, collection of (Siegel), 1371
retention, partial, after delivery, dangers of, and methods of treatment (Lorenz), 464 (Abst.)
Plasma fibrinogen concentration, rapid estimation of, and its use as a guide to therapy of intravascular defibrination (Schneider), 141
Plastic unification of double uterus (Strassmann), 25
Poliomyelitis, susceptibility in, relation of sex, pregnancy, and menstruation to (Weinstein et al.), 1183 (Abst.)
Postabortal sepsis treated with surgery and antibiotic therapy (Hesseltine and Turner), 437
Postpartum eclampsia occurring on fifteenth postpartum day (Tatum), 1388
hemorrhage, management of, by prolonged administrations of oxytocics (Daro et al.), 1163
surgical management of, with particular reference to ligation of uterine arteries (Waters), 1143

Postpartum—Cont'd
intestinal obstruction (Woodruff and Epperson), 1167
urinary retention, prophylaxis of (Fleming), 134
Postural shock in pregnancy (De Rezende), 709 (Correspondence)
Pre-eclampsia and eclampsia (Aguero), 226 (Abst.)
blood volume in, as determined with P^{32} labeled red blood cells (Berlin et al.), 227 (Abst.)
Pre-eclampsia-eclampsia, cause of blood and vascular alterations of normal pregnancy and (McGaughey), 1268
does not cause permanent vascular-renal disease (Dieckmann et al.), 850
Pregnancies, extrauterine, series of 301 (Cartoux and Trân-Dinh-Dê), 218 (Abst.)
Pregnancy, abdominal (Barrett), 1061
and labor, uterodynamics in, with special reference to calcium and quinine (Stewart), 359
basal metabolic rate in usefulness of (Watrous and Blakely), 1310
carcinoma of uterine cervix during, diagnosis of very early (Hirst and Brown), 1296
cervix in, histopathology and cytology of (Nesbitt and Hellman), 464 (Abst.)
chorionepithelioma occurring during (MacRae), 945 (Abst.)
complicated by hypersplenism (Fettig et al.), 664
complications, 225, 462, 945 (Absts.)
epidermoid carcinoma of cervix (Thornton et al.), 573
cortisone and, experimental and clinical study (DeCosta and Abelman), 746
diabetes and (Rels et al.), 1393 (B. rev.)
ectopic (Zukermann), 457 (Abst.)
clinical study of 136 consecutive cases (Priddle et al.), 1093
diagnostic variants in the syndrome of (Carrabba and Silberblatt), 1154
ruptured, study of 245 cases of (Johnson), 1102
extrauterine, 218, 457 (Absts.)
and intrauterine, combined (Sickenberger), 675
fetal death in last trimester of, etiology of onset of labor after (Seitz), 221 (Abst.)
flicker fusion thresholds in (Marty and Hardy), 1149
following inferior vena cava ligation (Burke and Rosenfield), 694
vena cava ligation (Heath and Carpenter), 692
heart disease a complicating factor in (Massey), 607
management of (McCue and Schelin), 535
hepatorenal syndrome complicating (Baker), 309
hydronephrosis complicating (Hecht), 684
hypertensive complication of, place of hydrazinophthalazine and thiophanium compounds in management of (Assali and Suyemoto), 1021
disease of, specific; factors affecting infant mortality (Wellen), 271
toxemia of, nitrogen metabolism in (Mukherjee and Govan), 1189 (Abst.)
hyperthyroidism in (Dailey and Benson), 226 (Abst.)
intrauterine and extrauterine, combined, progressing to term (Zarou and Sy), 1338
intravascular clotting complications of (Weber et al.), 1037
late, delivery and puerperium, effect of coitus on (Pugh), 333
urine in, and at delivery, bacteriology of, in relation to puerperal urinary tract infection (Alesbury) 462 (Abst.)
Pregnancy—Cont'd
lower nephron nephrosis in (Simpson et al.), 508
meralgia paresthetica related to (Peterson), 690
mother's age at time of, frequency of fetal deformities when compared with (Hegnauer), 225 (Abst.)
nausea and vomiting of, menadione bisulfite and ascorbic acid in treatment of (Merkel), 416
normal, cause of blood and vascular alterations of, and pre-eclampsia-eclampsia (McGaughey), 1268
ovarian (Baden and Heins), 353
physiology, 463 (Absts.)
postural shock in (De Rezende, 709 (Correspondence)
primary ovarian (Hofmann), 1173
pulmonary tuberculosis during, lobectomy for (Schaefer and Epstein), 188
Recklinghausen's disease and (Marmey and Lacroix), 225 (Abst.)
retroperitoneal hematoma during (Smale and Johnson), 434
riboflavin excretion during, and in early lactation (Brzezinski et al.), 463 (Abst.)
syphilis during, treatment of (Macfarlane), 467 (Abst.)
test, Frank-Berman, notes on the 8 and 24 hour (Berman), 440
torsion of Fallopian tube complicating (Kushner and Rosenbaum), 935
toxemia of, does not cause permanent vascular-renal disease (Dieckmann et al.), 850
induction of premature labor in, by means of Pitocin (Mauzy and Donnelly), 517
nitroglycerin flicker fusion threshold test in (Brill et al.), 1201
veratrum viride in treatment of (Alban et al.), 1083
toxemias of, hepatic function tests in (Mukherjee), 226 (Abst.)
Premature infant mortality (West et al.), 1222
Prematurity, obstetrical versus pediatric responsibility in (Schoeneck), 126
Premenstrual tension and its relationship to water metabolism (Bickers), 587
Presentation, breech, in primiparous patient at term, fetal and neonatal results in (Pomerance and Daichman), 110
of foot through intact anus during breech delivery (Lesh), 688
Presumably well woman (Siddall), 168
Primary carcinoma of Fallopian tube (Leahy and Carpenter), 1177
ovarian pregnancy (Hofmann), 1173
Primiparas, labor in elderly (Latiers), 223 (Abst.)
Progesterone and estrogen therapy, oral, of menstrual arrhythmias (Bickers), 148
and vitamin K for prevention of erythroblastosis fetalis (Glisson et al.), 498
effect of, on body temperature, further studies on (Döring and Schaefer), 224 (Abst.)
pellet implantation, prophylactic value of, in habitual abortion (Bishop and Richards), 216 (Abst.)
Prolapse of cervix and inversion of vagina following supracervical hysterectomy and inversion of vagina following total hysterectomy (Phaneuf), 739
of vagina after hysterectomy, transplantation of external oblique aponeurosis, an operation for (Williams and Richardson), 552
Prophylaxis of postpartum urinary retention (Fleming), 134
Pruritus vulvae, intractable, surgical approach to (Mering), 619
Pseudomucinous cystadenocarcinoma of ovary (Strauss and Strauss), 1382

Psychosomatic study of pelvic congestion (Duncan and Taylor), 1
Puerperal thrombophlebitis in upper extremity, pathological consideration on (Pulle), 945 (Abst.)
toxemias and eclampsia, medical treatment of (Maurizio), 945 (Abst.)
urinary tract infection, bacteriology of urine in late pregnancy and at delivery in relation to (Alesbury), 462 (Abst.)
Puerperium, 464 (Absts.)
depressive reactions during gestation and (Wayne), 1282
perforated peptic ulcer in the (McGarvey et al.), 655
Pulmonary emboli of amniotic fluid, fatal obstetric shock due to (Eames), 201
tuberculosis during pregnancy, lobectomy for (Schaefer and Epstein), 188
therapeutic abortion in (Rodriguez and Oneto), 216 (Abst.)
Purulent parotitis in newborn (Campbell), 1188 (Abst.)

R

Radiation, 227 (Absts.)
of adenocarcinoma of endometrium, effect of preoperative (Schmitz et al.), 952
therapy in menstrual disorders and sterility (Bonar and Garber), 1350
Radiologic signs of fetal maturity (Lenoir), 1188 (Abst.)
Radium therapy in control of benign uterine bleeding, clinical evaluation of use of (Montgomery et al.), 1011
Receiving crib for newborn (Cappe and Pallin), 699
Recklinghausen's disease and pregnancy (Marmey and Lacroix), 225 (Abst.)
Rectocele, repair of large, report on Dannreuther technique (Hepp and Boyd), 921
Retroperitoneal hematoma during pregnancy Smale and Johnson), 434
Rh countersensitization (Shanaphy), 1261
studies on. I. Evaluation of antihuman globulin serum in the hemolytic disease of the newborn (Zelenik et al.), 365
Riboflavin excretion during pregnancy and early lactation (Brzezinski et al.), 463 (Abst.)
Roentgenographic diagnosis of endometritis hyperplastica ovarialis (diPalma and Beranbaum), 162
Roster of American obstetrical and gynecological societies, 229, 947
Rupture of membranes, premature spontaneous (Calkins), 871
of symphysis pubis, spontaneous, in course of normal delivery of large infant (Ravina and Bonhomme), 460 (Abst.)
of uterine segment and bladder following cesarean section (Parsons), 672
of uterus, occult (Ingram et al.), 527
Ruptured ectopic pregnancy, study of 245 cases of (Johnson), 1102

S

Salpinx, implantation of, employing a cannula (D'Ingianni and Fontenelle), 220 (Abst.)
Sarcoma of uterus (Dickstein), 217 (Abst.)
Scaphocephaly of newborn (O'Connor), 678
Scars of pregnant and nonpregnant uterus. I. Histologic comparison of scars two weeks postoperatively (Siegel), 301
Scopolamine with apomorphine in labor (White), 91
Sepsis, postabortal, treated with surgery and antibiotic therapy (Hesseltine and Turner), 437
Sex guide to happy marriage (Griffith), 707 (B. rev.)
hormones, role of, in development of bony pelvic conformation, observations on (Morton and Gordan), 292
organs, human, anatomy and physiology of, influence of nervous system upon (Bunster), 706 (B. rev.)
Sexual cycles, vertebrate (Bullough), 1396 (B. rev.)
maladjustment, recognition and management of (Berry), 581
South Atlantic Association of Obstetricians and Gynecologists, transactions of 14th annual meeting, January 24-26, 1952, 473
Spermicidal bacteria in cervix as a cause of sterility (Buxton and Wong), 628
Spinal anesthesia at obstetrical clinic of University of São Paulo (Brazil) Medical School (Neme et al.), 456 (Abst.)
sustained contractions of gravid uterus during (Ward et al.), 406
Sterility, 228, 465 (Absts.)
fifteen-year, due to pituitary adenoma relieved by x-ray therapy (Kaplan), 1175
hyperheparinemia in human, possible role of (Olwin et al.), 915
hysterosalpingography in female (Freeth), 465 (Abst.)
radiation therapy in menstrual disorders and (Bonar and Garber), 1350
spermicidal bacteria in cervix as a cause of (Buxton and Wong), 628
study of, among the indigenous population of Leopoldville (Lambillon and Drumel), 465 (Abst.)
Stigminene Bromide, effect of, in delayed menstruation (Decker), 1137
Streptomycin-resistant tuberculosis in newborn child (Tinne and Henderson), 461 (Abst.)
Stress incontinence of urine, observations on (Jeffcoate and Roberts), 721
Suffocation of infants, so-called accidental mechanism (Swinscow), 1188 (Abst.)
Superior hypogastric sympathectomy for relief of pain in endometriosis (Dailey and Tafel), 650
Surgery, radical pelvic, incision to facilitate, in women (Hiller), 1328
vaginal, technique of (Werner and Sederl), 1398 (B. rev.)
Surgical gynecology (Greenhill), 1395 (B. rev.)
Symphysis pubis, spontaneous rupture of, in course of normal delivery of large infant (Ravina and Bonhomme), 460 (Abst.)
Syphilis during pregnancy, treatment of (Macfarlane), 467 (Abst.)

T

Teaching obstetrics and gynecology, clinical, problems and difficulties in, as of today (Wilson), 326
transparent manikin for (Wakerlin and Whitacre), 1378
Theca-cell tumors, malignancy in, incidence of (Rogers et al.), 1289
Thiamine in conjunction with antispasmodics in rapid primiparous labors (Poulain), 459 (Abst.)
Thiophanium and hydrazinophthalazine compounds, place of, in management of hypertensive complications of pregnancy (Assali and Suyemoto), 1021
Thrombophlebitis, puerperal, in upper extremity, pathological consideration of (Pulle), 945 (Abst.)
Thymol turbidity test in toxemia of pregnancy (Mukherjee), 226 (Abst.)
Thyroid (McGavack), 708 (B. rev.)

Tissue culture of normal and malignant cervical epithelium, growth characteristics of (Moore), 13
Toluidine blue, oral, in treatment of hypermenorrhea (Lathrop and Carlisle), 1376
Toxemia, 226, 1189 (Absts.)
of pregnancy does not cause permanent vascular-renal disease (Dieckmann et al.), 850
hypertensive, nitrogen metabolism in Mukherjee and Govan), 1189 (Abst.)
induction of premature labor in, by means of Pitocin (Mauzy and Donnelly), 517
nitroglycerin flicker fusion threshold test in (Brill et al.), 1201
veratrum viride in treatment of (Alban et al.), 1083
Toxemias of pregnancy, hepatic function tests in (Mukherjee), 226 (Abst.)
Transplantation of external oblique aponeurosis, an operation for prolapse of vagina following hysterectomy (Williams and Richardson), 552
Trichomonas vaginalis Donné, evaluation of experimental and clinical data (Davis and Grand), 544
Trilene anesthesia in obstetrics, clinical study on trial of (Palliez et al.), 216 (Abst.)
obstetrical analgesia with (Gomez), 1182 (Abst.)
Tubal insufflation, hysterosalpingography and, errors in technique and interpretation of (White), 1185 (Abst.)
Tuberculosis and carcinoma of cervix (Nogales), 1183 (Abst.)
female genital (Sutherland and Garrey), 458 (Abst.)
genital, delivery following apparently healed (Herring), 710 (Correspondence)
of endometrium (Haines), 219 (Abst.)
clinical study (Schockaert), 459 (Abst.)
pelvic (Bobrow and Batts), 1242
primary streptomycin-resistant, in newborn child (Tinne and Henderson), 461 (Abst.)
pulmonary, during pregnancy, lobectomy for (Schaefer and Epstein), 188
therapeutic abortion in (Rodriguez and Oneto), 216 (Abst.)
utero-adnexal, current concepts of (Wood), 942 (Abst.)
Tumor of ovary, granulosa-cell, multiple peritoneal leiomyomas associated with (Willson and Peale), 204
Tumors, Brenner, bilateral, of ovaries (Peck and Leary), 1179
diverse origins of (Greene), 878
malignant ovarian, x-ray therapy in treatment of, the place of (Todd), 217 (Abst.)
theca-cell, malignancy in, incidence of (Rogers et al.), 1289
Twins of monochorial pregnancies, variation in size and weight of, (Brody), 340

U

Ureter, vascular supply to, variability of (Braithwaite and Racker), 1400 (Correspondence)
Ureterohydronephrosis, gynecological lesions and (Klempner), 1232
Ureters, transplantation of, in treatment of obstetrical vesicovaginal fistula, review of 100 cases of (Preston), 1185 (Abst.)
Urinary incontinence in women: roentgen manifestations (Briney and Hodes), 220 (Abst.)
retention, postpartum, prophylaxis of (Fleming), 134
Urine in late pregnancy and at delivery, bacteriology of, in relation to puerperal urinary tract infection (Alesbury), 462 (Abst.)
stress incontinence of, observations on Jeffcoate and Roberts), 721
Urology award, 946 (Item)
Uterine arteries, ligation of, surgical management of postpartum hemorrhage with particular reference to (Waters), 1143
artery, arteriectasia of (Berlin and Horwitz), 347
bleeding, benign, radium therapy in control of, clinical evaluation of use of (Montgomery et al.), 1011
in pelvic inflammatory disease (Smiley and Bozeman), 197
cancer diagnosis (Walker and Curphey) 1346
heredity in (Murphy), 704 (B. rev.)
carcinoma, cytologic approach to (Hecht), 81
cervix, cancer of, earlier detection of recurrent, by vaginal smear (Graham and Meigs), 908
stages of growth of (Zuckermann), 456 (Abst.)
carcinoma in situ of, recurrence of tumor after total hysterectomy for (Graham and Meigs), 1159
diagnosis of very early, during pregnancy (Hirst and Brown), 1296
corpus, carcinoma of, study 184 cases at Rhode Island Hospital, 1922-1945 (Waterman et al.), 1073
hemorrhage, histology of the endometrium in organic (Sutherland), 943 (Abst.)
Utero-adnexal tuberculosis, current concepts of (Wood), 942 (Abst.)
Uterodynamics in pregnancy and labor, with special reference to calcium and quinine (Stewart), 359
Uterus, adenocarcinoma of, with metastases to umbilicus (Riemenschneider and Miller), 1385
double, plastic unification of (Strassmann), 25
gravid, sustained contractions of, during spinal anesthesia (Ward et al.), 406
occult rupture of (Ingram et al.), 527
rupture of, spontaneous, resulting from placenta accreta (Schuyler), 427
sarcoma of (Dickstein), 217 (Abst.)
scars of pregnant and nonpregnant. I. Histologic comparison of scars two weeks postoperatively (Siegel), 301

V

Vagina, chemical burns of, with servere hemorrhage (Bookrajian and Wagner), 681
diffuse papillomatosis of (Borras), 220 (Abst.)
inversion of, and prolapse of cervix following supracervical hysterectomy and total hysterectomy (Phaneuf), 739
preservation of, repair of enterocele with (Hiller), 409
prolapse of, after hysterectomy, transplantation of external oblique aponeurosis, an operation for (Williams and Richardson), 552
Vaginal asepsis, evaluation of various methods (Moore), 387
cytology and gestation (Pundel and Van Meensel), 705 (B. rev.)
douching, dangers of improper (Hirst), 179
hysterectomy, ruptured corpus luteum cyst, a postoperative complication of (Pugh and Glenn), 1170
neurofibromatosis, cesarean section for (Marmey and Lacroix), 225 (Abst.)

Vaginal—Cont'd
smear, earlier detection of recurrent cancer of uterine cervix by (Graham and Meigs), 908
surgery, technique of (Werner and Sederl), 1398 (B. rev.)
Vaginalis, Leptotrichia (Feo and Dellette), 382
Vascular supply to ureter, variability of (Braithwaite and Racker), 1400 (Correspondence)
Vascular-renal disease, pre-eclampsia-eclampsia does not cause permanent (Dieckmann et al.), 850
Vena cava ligation, inferior, pregnancy following (Burke and Rosenfield), 694
pregnancy following (Heath and Carpenter), 692
Venereal diseases, 467 (Absts.)
Veratrum viride, intravenous, in treatment of toxemia of pregnancy (Alban et al.), 1083
Vertebrate sexual cycles (Bullough), 1396 (B. rev.)
Vesicovaginal fistula, obstetrical, transplantation of ureters in treatment of, review of 100 cases (Preston), 1185 (Abst.)
postoperative, operation for (Strean), 1322
Vitamin C, influence of, on labor (Tash), 944 (Abst.)
K and progesterone for prevention of erythroblastosis fetalis (Glisson et al.), 498
Vulva, carcinoma of, case occurring at 24 years of age (Engelhart), 931
leukoplakia of. Part II. (Miller et al.), 768

W

Water metabolism, premenstrual tension and its relationship to (Bickers), 587
Woman, the presumably well (Siddall), 168

X

X-ray appearance of normal female pelvic organs (Gershon-Cohen and Hermel), 184
diagnosis of endometritis hyperplastica ovarialis (diPalma and Beranbaum), 162
therapy in treatment of malignant ovarian tumors, place of (Todd), 217 (Abst.)
